GET THE SUMMIT CONTROL APP

EXTREME VERSATILITY

These units are completely wireless, meaning they go wherever you need them.

MAXIMUM COMPATIBILITY

Connect gates, doors, and other access points to the network using industry standards like the 26-bit Wiegand interface.

PLUG AND PLAY

Easily install and connect Ascent Link units and then manage via Summit Control.

IMPROVES AS IT GROWS

As you build your mesh network outward, each additional Ascent Link unit improves the quality and reliability of the network.

SPECIFICATIONS

PHYSICAL
