WIEGAND RFID CREDENTIALS

RFID PROXIMITY CARDS AND FOBS

- Clamshell cards and keyring fobs available
- HID® compatible
- Durable plastic construction
- Custom coding available (clamshell card)
- Available in packs of 25
- Work with SecurePass card readers and HID readers (125 kHz)

RFID VEHICLE TAGS

- Durable plastic construction (license plate tag)
- Available in packs of 25
- Work with SecurePass tag readers

THE PERFECT MATCH

Our cards, fobs, and tags are made to work seamlessly with our SecurePass readers.

TOUGH AND DURABLE

Durable plastic construction allows our credentials to hold up for years to come.

VERSATILE AND FLEXIBLE

Our proximity cards and fobs work not only with our proximity card readers but with any 125-kHz HID proximity card reader.

FITS YOUR NEEDS

We offer custom encoding of our proximity cards and fobs, giving you exactly what you need for your facility.
